

**June 24 – 28, 2013**

**8:30 AM - 3:30 PM**

**AT LONGWOOD UNIVERSITY  
IN FARMVILLE, VA**

There is no cost for teachers to attend.

Lodging and mileage can be provided for teachers over 75 miles from Longwood.

# **K- 5 Science Teacher**

## **Professional Development**

Summer institute and school-year activities for K-5 Science Teachers.

**The NSTA Learning Center**

Want to learn more about how to use inquiry and problem-based learning and assessment strategies in your science classroom? This is the opportunity for you! Spend a week interacting with Longwood and ITTIP faculty to learn more about SOL Science concepts, the Nature of Science and how to incorporate more inquiry and PBL strategies into your science classroom! But the learning does not end in the summer – you will be provided with a year subscription to NSTA Learning Center to increase your own science content – focused on exactly what you need. Other project highlights and activities include:

- Receive a \$750 stipend once you develop two unit plans in alignment with the VA Science SOL and complete school-year activities;
- Earn 75 recertification points upon completion of all activities; and
- Follow-up throughout the school-year with ITTIP staff.
