Artificial Intelligence

9:00 am - 3:00 pm Longwood University
Blackwell Ballroom

More and more we are hearing about Artificial Intelligence (AI). But what exactly is AI and how will it impact K-12 education? Come to ITTIP's 11th Annual STEM Learning Summit to learn more about AI from experts in the field and hear from educators who are using AI in their classrooms to provide their students with opportunities to learn about and use AI in both elementary and secondary settings.

All K-12 educators and administrators are invited to attend! Registration fee is \$20.
